2011 Parade of Homes plans have been put on hold for now. We hope to be able to meet in late in 2011 to get the Parade underway for next spring. The committee has met and made this decision based on the state of the economy at present after talking with many of the builders about the possibility of entering homes in the Parade. We are looking for dedicated, motivated, capable people to serve with us as we move forward when the time is right. This is a tremendous undertaking as we endeavor to make all the people in our county and state more aware of the housing industry as well as enhancing the image of the Home Builders Association of Wayne County. We count on your help and support. If you are willing to serve on the Parade of Homes Committee please call Jane Bartlett at 921-1860 or Dawn Summerlin at the HBA office at 735-1991.

"Burke's Big Build" - David Burke received a spinal cord injury last year and has spent many months in rehab. The community is planning to create a bedroom and bathroom for David since his former bedroom was on the second floor. He can no longer navigate the stairs. His parent's home has a sunroom, which will be converted into this living space for him. **Gary Westbrook of Westbrook Builders and Jim Scott of Scott Construction** are working with the committee to get the roof replaced.

There are many needs in order to complete the conversion including donations of lumber and other building materials as well as builders, plumbers, electricians, sheet rock installers, painters, etc. As the process continues, there will be a need for workers of all types. Some money has been raised, but there is a great need for much more. Please help in this area if you can.. If you wish, you could do a fund raiser of some sort in your community or church.

Several of our members have already donated materials and labor to complete the job. If you will help in any way by donating materials and/or services or if you have some time to donate , please let us know. Call me at the office for more information and specifics (735-1991).
